Call for early Hepatitis test

School students take part in an awareness rally on World Hepatitis Day on Saturday.

Pianist casts a spell on young minds

Dinara Klyueva plays during a workshop at Rotary Sadan on Friday.

Conference on English

OUR SPECIAL COMPETITION
Salt Lake A prime engineering college organises an international conference on English Learning and Teaching. Students and faculty across the globe were in attendance.

Students had the opportunity to learn English and be exposed to different cultures and languages. The conference was a great opportunity for students to interact with their peers from across the globe.

Many of our students are bilingual and multilingual. We need to use this opportunity to help them develop their skills and become more proficient in English. It is important for them to be able to communicate effectively in English, especially in a professional setting.

The workshop on Sunday will help students understand the cultural and linguistic differences between different countries and how to navigate them effectively.

The workshop will be held from 10 - 11 AM on Sunday at the Kala Mandir in Kolkata.
